Our Product Reviews are very positive and more importantly we have very high levels of repeat buyers.

Our eco-friendly single serve cups for K-Cup® brewers provide superior extraction resulting in a better cup of "Jo" and are also better for the environment.

Note this feedback from the Category Manager at a 40-store grocery chain that stocks our Jo Coffee brand: *"I have thought of you most mornings recently while enjoying your delicious K-Cups! You definitely have the best one I have tasted!"*

Before we ever purchase our green specialty grade coffee beans, they have passed the expert analysis and highly trained palates of a dedicated team of certified Q-Graders administered by the Coffee Quality Institute®. We strive for coffee perfection in every hand-crafted artisan roast.

As a grocer, you know demand for old school national coffee brands is decreasing and it is increasing for specialty brands. We are very proud of our Jo Coffee brand. We seek retailers that possess positive community reputations and are known for stocking high quality brands. To provide your store a level of exclusivity, it is important to note, we are not offering our products to Walmart, Target or Costco.

We can offer you in-store coffee demo's or free coffee for your own demo's, depending on the size of your population demographics. Contact us for complete details.
