

SINGLE SERVE FOR KEURIG 2.0 K-CUP BREWERS

Consumer demand for specialty coffee in single serve for Keurig® K-Cup® brewers continues grow worldwide.

Our single serve cups use a Fresh Seal Cup technology providing long term freshness and is fully recyclable. Our cups fit all 1.0 and 2.0 Keurig brewers.

We offer some of the lowest minimums in the industry starting at 4800 cups for retail-ready certified organic packaging. We provide a variety of carton sizes and loose fill bulk packaging options.

PRIVATE LABEL WITH SPECIALTY JAVA INC.

Not all coffee is created equal. With over 5000+ positive coffee reviews our Jo Coffee brand is one of Amazon's highest rated organic coffee brands and is growly rapidly. Consumers always respond to very high quality.

We purchase exclusively from the top 2% of all Organic Arabica Coffee worldwide that has passed the expert analysis of a dedicated team of cupping experts.

We do not offer cheap, low grade coffee, typical to many large private label companies. Our coffee reviews speak for themselves.

We offer USDA Certified Organic, Fair Trade Certified, Swiss Water Process chemical-free decaf coffees. Non-organic coffee is available.

Jo Coffee® is a registered trademark and subsidiary of Specialty Java Inc and is a member of the Specialty Coffee Association, the Roaster's Guild, and is a Certified Organic Roaster.

If you are going to launch a single serve coffee it only makes sense to work with a successful producer.
